SOPHOMORE BANQUET.

Class of 1917 Held First Annual Banquet Last Friday Night.

On Friday night, April 16, the Class of 1917 gave their first annual banquet in the large hall over Chas. Parker's billiard parlors. The hall was beautifully decorated in class and school colors and innumerable pennants and banners covered the walls.

The banquet was opened by Toastmaster George H. Kublin and one hundred guests took their places around the banquet table. After a few short talks by guests and members of the class an elaborate and well prepared supper was served in the best style. Mr. E. H. Woolrych, ex-'16, representing the Liggett & Meyers Tobacco Co., saw that every one was well supplied with Fatimas. Between courses the time was occupied by speeches and entertainment by a most entertaining and pretty cabaret troupe composed of six young ladies from St. Louis. The large number of fancy novelties handed out by the girls was highly prized by all present.

After supper and while every one was in good spirits, the floor was cleared and the members of the class and their guests enjoyed a few fancy steps with the young ladies while R. Lyons played the piano. After a few yells and songs the party adjourned with every sophomore in favor of making the banquet an annual affair and every one in a very good humor.

The guests were Prof. C. R. Forbes,

MINERS DEFEAT NEWBURG.

Win Close Game Last Saturday, 9-8.

Coach Dennie's Miners won their first victory of the season last Saturday afternoon on Jackling Field when they defeated Newburg by the score 9-8. As the score indicates, the game was very close throughout. The lead changed from one team to the other, the Miners finally coming out one run to the good.

Keeling pitched for the Miners and while hard hit, proved effective in the pinches. The Miners played a good fielding game behind him, Tate in center field being the particular star in this line. The Miners also found their batting eye. Kamp got a home run while a number of the others boosted their batting averages.

The Miners line up was as follows: Mountjoy, c; Keeling, p; Wilson, 1b; Miller, Capt., 2b; Dawson, Skeen, ss; Kamp, 3b; Skeen, Deutman, rf; Tate, cf; Raible, lf.

The team showed much improvement since the Arkansas games and the several changes made in the line up by Coach Dennie proved effective. Mountjoy was brought in from third to do the receiving and will continue to be used in this position. Kamp came in from the outfield to third; Dawson made his initial varsity appearance at short and Skeen went to right field.

Sunday a number of the Miners played the Newburg team again at Newburg and defeated them 7-2. Fairchild pitched and received excellent support.

QUO VADIS CONVENTION.

Will Be Held in Rolla April 30 and May 1.

The annual convention of the Quo Vadis Club of the middle west which was to have been held here April 23 and 24 has been postponed until April 30 to May 1. The several committees of the local chapter are working hard to arrange a suitable program for the entertainment of the visiting "hobos". Representatives from Missouri University, Columbia, Mo.; University of Arkansas, Fayetteville, Ark.; Drury College, Springfield, Mo.; William Jewell College, Liberty, Mo.; University of Illinois, Champaign, Ill., and Iowa State College, Ames, Iowa, will be present.

ALLISON CUP GAMES.

Cosairs Defeated Prospectors 13-9.

The Cosairs played the Prospectors in the Allison cup series last Monday and came out on top 13-9. The Cosairs went up in the air for the first few innings and the Prospectors got to Barker for five runs. Barker was replaced by Young who kept the hits well scattered the rest of the game. Dover pitched for the prospectors. He pitched good ball until the seventh inning when he walked four men forcing in three runs and putting the Cosairs in the lead. Joe Barton pulled off the star fielding stunt of the day when he ran back for a long fly, tripped and fell but came up with the ball. Pape and Ebmeyer also starred in the field while Dover and Young each made home runs.

A COMMUTATORLESS DYNAMO.

Prof. George R. Dean Developing Valuable New Electrical Device.

George R. Dean, '91, professor of mathematics has applied for a patent upon a new electrical machine which he is developing. It is a dynamo for developing a direct electrical current without the use of a commutator.

In developing such a machine, Prof. Dean has solved a problem which has long confronted the foremost electrical engineers of the country.

Prof. Dean has also been honored by being notified that his paper on "The Calculation of Long Distance Lines Under Constant Alternating Voltage" has been accepted for publication by the American Institute of Electrical Engineers. It is the unanimous opinion of the chairman of the Power Transmission Committee and others that Prof. Dean has handled this difficult subject in a very creditable manner.

The paper will be published in the journal of the American Institute of Electrical Engineers and will be presented at the Panama-Pacific Convention of the Institute which will be held in San Francisco in connection with the exposition on Sept. 16, 17 and 18, 1915.

SOPHOMORE HAPPENINGS.

T. J. Canavan, Jr., ex-'17, is now attending the St. Charles Military Academy, St. Charles, Mo.

A. J. "Torchy" Landgon, ex-'17, left Wednesday for his home in Ironton, Mo., after spending a week in Rolla.

Joe Wilson has received a contract to play ball with Newburg during the summer. Salary no object.

J. K. Walsh, J. G. Wilson and Richard Cooper spent the week end in St. Louis.

Ambler and Kublin will furnish part of the entertainment at Fauna Flora, St. Louis County, during the summer.

Dover spent the week end in St. Louis.

J. R. Couch returned Monday from a visit in Lebanon.

With the exception of five, every member of the class of '17 attended the banquet.

Huber's on the Gasconade.

Spring is here. the river is ideal for canoeing and boating, and fishing is good.

RATES:

Adults, \$1.50 per day, or \$9.00 per week.

Children under twelve years of age, half price.

Large, roomy, comfortable fishing boats can be rented at fifty cents per day, and minnows purchased at seventy-five cents per hundred.

SENIOR YEAR.

Chemistry 11a, 16a, 17a, 27b, 28b, 16b, 17b 29 and Metallurgy 29a and 30a are required. The rest of the work is elective, subject to approval by the Department of Chemistry. A Senior Trip to Chemical plants near St. Louis will be offered as one of the electives.

THE MISSOURI MINER.

PERSONALS.

Rollamo Picture Show, Parker Hall, Friday and Saturday nights.

Professor Durward Copeland left this week for his home in Chelsea, Mass.

E. H. Woolrych, ex-'16 spent the week end in Rolla. He represented the Ligget & Meyers Tobacco Co., at the Soph. Banquet Friday night.

Henry Kamp, of St. Louis, was the guest of his brother, W. M. Kamp, '16 at the Sigma Nu House last week. He is contemplating entering M. S. M. in the fall.

O. J. Adams was visiting his brother, B. W. Adams, '16 the early part of this week. Mr. Adams is a graduate of Missouri University and is now practicing law.

The Pi Kappa Alpha Fraternity gave an informal dance at their chapter house Friday evening.

N. E. Ritter, '17 was called to his home in Joplin last Friday on account of his mother's illness but has returned after being assured there was no danger.

Prof. C. R. Forbes spent the week end in St. Louis.

J. B. Cole, ex-'15, attended his brother's wedding in Joplin this week.

Fred Grotts, '16, spent the week end at his home in Raymond, Ill.

Harry Sides and Leo Lyons spent Sunday at Arlington and returned with a good fish story but no fish.

The members of the 1915 Rollamo Board have received their gold picks for their services.

San Francisco may see some of the prominent eastern college elevens in action next fall, as the exposition authorities have opened negotiations with Yale, Harvard, Princeton, Cornell, Dartmouth, Williams, Brown, Illinois, Amherst, Michigan, Pennsylvania, Denver, Carlisle, Virginia, Washington and Jefferson, Chicago, Minnesota, and Syracuse universities to play there.

ALUMNI NOTES.

Dale Barnard.

Dale Barnard, who has been superintending mining properties at El Oro, Mexico, arrived in Rolla last week accompanied by his wife and son. They are guests of Mrs. Barnard's parents, A. Gordon and wife. Mr. Barnard left M. S. M. in 1906. He was one of the charter members of the local chapter members of the Kappa Sigma Fraternity.

Phillip R. VanFrank, '85.

Phillip R. VanFrank was in Rolla Thursday on his way home from Hopewell, Mo., where he had been called on account of the death of his father. Mr. VanFrank is engineer for the United States Government and is in charge of the river work with headquarters at Little Rock, Ark.

THE MISSOURI MINER.

PIPE AND BOWL CLUB ENTERTAIN

Rolla Herald.

On Thursday evening of last week the Pipe and Bowl Club of the School of Mines entertained their friends most delightfully at the home of Mr. and Mrs. F. E. Taylor. Mrs. George W. Clark, Mr. and Mrs. Malcolm Wilson together with Mr. and Mrs. Taylor were the chaperones for the evening.

The first part of the evening was spent in initiating the young ladies into the mysteries of the club, and making them loyal sisters of the same.

After these ceremonies each young lady was given fourteen cents in pennies and told to bid for their escort for luncheon. Mr. J. J. Doyle was the auctioneer and proved very clever in managing the bid for the very illustrious men. Some of the girls showed their ability at finding bargains by getting a famous man for a few cents. Even an ex-president went for four cents; while "John Bunny" and "Caruso" brought the highest bids. Mrs. Wilson and Miss Charlotte Farris being the bidders had to cut for the prize, Mrs. Wilson being the lucky one, was given an ivory manicure set in a leather case.

At the luncheon table each girl found her place by the name of the man whom she had bought at auction. After they were seated the fellows, who represented these illustrious men, took their places by them.

After a delicious lunch at beautifully decorated tables, where carnations were in abundance, the young ladies were informed that they must each make a speech or give a stunt to win the prizes that were to follow. This caused lots of merriment, and when each had won their prize all opened them together to find various and sundry things for making a noise. And so this unique party ended in a blare of horns and bells and happy good nights for all from the sisters who will never forget the pleasures of the evening nor their sacred oaths to P. B. C.

ENCOURAGING.

Professor Ingram—If anything should go wrong in this experiment, we and the laboratory with us might be blown sky high. Come closer, gentlemen, so that you may be better able to follow me.

Alumni at the University of Pennsylvania have proposed changing the name of the university to Franklin University. The new name would have as one of its chief purposes the honoring of one of the greatest of Pennsylvanians. It is also believed that this would tend to make the institution less of a local affair and more of a national college.

"One, two, three, dip." No, not tango; ponding a freshman.

Home, Sweet Home, January 30, 1915.
My Dear Son:—

I received your letter about that awful fire in Rolla and am so much relieved to know that you escaped with only a few bruises and the loss of your clothes, books, instruments, etc.

Just as soon as you get located, be sure and have B. H. RUCKER write fire insurance to cover everything you have, and if you can spare the amount from your allowance, you ought to take a little life insurance also.

Yours affectionately,
MOTHER

HELLO!

Meet me at

Charlie's Billiard Hall,
and I'll bowl you a game.

THE MISSOURI MINER.

SOPHOMORE BANQUET.

Continued from First Page.

Prof. Durward Copeland, J. J. Crites, Chas. Parker, Coach Thos. Kelly, Coach F. E. Dennie, O. D. Neal, C. C. Bland, Jr., J. R. Maher, '15; J. J. Dowd, '16; E. H. Woolrych, ex-'16, St. Louis, and A. J. Langdon, Jr., ex-'17, Ironton, Mo.

The pronounced success of the banquet was largely due to the good work of the committee composed of G. H. Kublin, chairman; H. A. Ambler, Wilson Bayha, Edgar Burkhart, T. C. Gerber, C. W. Hippard, H. A. Kluge, J. C. Raible, N. E. Ritter, K. V. B. Rossman, J. G. Reilly, P. B. Shotwell and J. G. Wilson.

Side Lights on The Banquet.

Invitations to the banquet were sent to all the ex-'17 men.

A letter was received from Louis Burden, former president of the class, extending his wishes for a great time at the banquet and regretting that he couldn't be present.

The rapidity with which Blair fell for the attentions of the cabaret girls caused a lot of comment as to whether or not he is as married as he sometimes appears to be.

G. B. "Woodrow" Wilson has been very nervous and restless since last Friday night.

Schrivver never slept a wink after the big time according to his room-mate.

EXCHANGES.

"Sir, your daughter has promised to become my wife."

"Well, don't come to me for sympathy. You might have known something like that would happen to you, hanging around here five nights a week."—Houston Post.

The University of Wisconsin appears to be facing a crisis. The whole Wisconsin "idea" is on trial. That the University has tried to run the state; that the University has been the hot-bed of La Folletism; that the University has been extravagant and wasteful while preaching economy and efficiency to others are some of the charges heard on every hand.

Willie—My great-grandfather went to the Boston Tea Party.

Billie—That's nothing. My sister goes to a tango tea party every afternoon.—Chaparral.

Sixty-seven universities in the United States are using simplified spelling, according to the report of the simplified spelling board. Several state universities have adopted this method. Missouri leads with nine such institutions.

The Texas Intercollegiate Athletic Association recently adopted a resolution allowing members of athletic teams to play professional summer baseball.
